

## 1. What is the National Campus Ministry Scorecard?

The Scorecard is a simple way for Catholic campus ministries to share what God is doing on their campuses. By submitting a few key impact metrics, we create a national snapshot of Catholic life on campus — celebrating the collective work of ministries like yours.

## 2. Why does it matter if I fill it out?

Your ministry's impact matters — and it should be seen. Sharing your data helps:

- **Tell the bigger story** of how God is moving on college campuses.
- **Demonstrate to dioceses, parishes, and donors** that campus ministry changes lives.
- **Encourage and inspire** other ministries through your witness.

When we all share, we create a measurable picture of revival in the young Church.

## 3. Is this part of my partnership with Newman?

Yes — completing the Scorecard is an important part of our shared partnership. By contributing your ministry's data, you help us tell a fuller story of how God is moving nationwide and ensure your work is seen and celebrated. We'll invite you to complete the Scorecard **twice a year — once in the fall and once in the spring** — so we can track growth, celebrate fruitfulness, and strengthen the mission of campus ministry together.

## 4. What information will I need to provide?

The form is short and straightforward. You'll be asked to share things like:

- Total number of students reached this semester
- Number of small groups or Bible studies
- Mass attendance
- Outreach events or service projects
- OCIA participants and vocations

## 5. Do the numbers have to be exact?

We know ministry isn't always easy to measure — **accurate estimates are perfectly fine**. Even approximate numbers help us paint a clearer picture of how God is working through campus ministry.

## 6. How long does it take?

Most ministries complete the Scorecard in under **5 minutes**. It's designed to be quick and simple — and every response makes a difference.

## 7. How will the data be used?

Newman Connection will compile all submissions into the **National Campus Ministry Impact Report**, highlighting trends, testimonies, and stories from across the country. Your individual data will be **aggregated and shared only as part of the larger national picture**.

## 8. Can I see the results?

Yes! Once the Impact Report is complete, all participating ministries will receive a copy. It's a powerful resource to share with your team, students, diocese, or donors.

## 9. Is this a competition or ranking?

No — the Scorecard isn't about comparison. **Every ministry's faithfulness matters, no matter the size or numbers**. Together, we tell a story that's bigger than any single campus.

## 10. What's the deadline?

Please complete your Scorecard by **November 21** or before you break for the fall semester. We'll send a reminder in the spring for the second submission.

## 11. Where do I submit my Scorecard?

You can submit your data here:

**[Submit My Ministry Data »](#)**

## 12. Who can I contact with questions?

If you need help or have additional questions, reach out to our team anytime at **[info@newmanministry.com](mailto:info@newmanministry.com)**. We're here to support you.
